

ALLBOND
Flexi
MS POLYMER

*all materials
all surfaces*

ECO Friendly

Paintable

Low Modulus

High Elasticity

Low modulus - can withstand
extreme joint movement

SHORE A25

ALLBOND
Flexi
MS POLYMER

Low modulus new generation joint
sealant which gives excellent results
in indoor and outdoor applications.

- High elasticity
- Odorless
- Eco friendly

ALLBOND
Flexi
MS POLYMER

Paintable with water based paints
Excellent elasticity and very good adhesion strength

Does not contain solvent, silicone or isocyanate,
No bubble formation, even in wet and humid conditions,
Very good UV resistance
Over-paintable with water based paints,
No shrinkage
Primer less adhesion on many different substrates (preliminary test recommended)

all materials all surfaces

Expansion and connection joints in the building industry
Sealing of joints in prefabricated buildings
Movement joints in high rise constructions
Sealing between window and door frames
Where joints have to be painted
